SUMMARY

Computer Science Engineering graduate and Software Engineer Intern with hands-on experience in Python, Java, Django, Flask, React, REST APIs, and MySQL. Experienced in backend development, API testing, debugging, SQL, Git, and Postman. Built full-stack applications and backend services through academic projects and professional experience.

EDUCATION

College of Engineering Pathanapuram <i>B.Tech in Computer Science Engineering CGPA: 7.64/10</i>	Sep 2022 – May 2026 <i>Pathanapuram, Kerala</i>
---	--

EXPERIENCE

CrossAgile Software and Services India Pvt. Ltd. <i>Software Engineer Intern</i>	Sep 2026 – Present <i>Remote</i>
--	-------------------------------------

- Worked with application features, REST APIs, and development environments.
- Analyzed application behavior, identified issues, and reproduced defects.
- Used Git, Bruno, SQL, and development tools for API validation and debugging.

PROJECTS

SLA-FS++: AI-Powered Phishing Website Detection System

- Developed an explainable phishing detection system achieving 96% accuracy using Random Forest and SHAP-based feature selection.
- Built a Flask REST API for real-time prediction with MySQL integration and feature engineering using Scikit-learn.

Quizzer – Examination System

- Developed a full-stack online examination platform using Django REST Framework and React with JWT-based authentication, role-based access, class, subject, exam, and MCQ question management.
- Implemented class-based exam assignment, timed online examinations, answer persistence, duplicate-attempt prevention, automated evaluation, and student/teacher result management with REST APIs.

SKILLS

Languages: Python | Java | JavaScript | PHP
Frontend: HTML | CSS | React
Backend: Django | Flask | REST APIs
Database: SQL | Oracle SQL | MySQL
Tools: Git | GitHub | Bruno | Postman | VS Code
Concepts: OOP | DBMS | SDLC | Software Testing | Machine Learning | Explainable AI

TRAINING

QSpiders <i>Python Full Stack Developer Training</i>	May 2026 – Aug 2026 <i>Kochi, Kerala</i>
--	---

- Completed hands-on training in Python, Java, Django, Flask, React, JavaScript, SQL, REST APIs, Git, SDLC, and Software Testing.
- Developed full-stack applications and backend APIs using Django and Flask.

COURSES AND CERTIFICATIONS

Introduction to Software Engineering <i>IBM (via Coursera)</i>	Dec 2025
Machine Learning and Data Science Workshop <i>Kerala Knowledge Economy Mission & Trycle</i>	Nov 2023
Web Design Workshop <i>IEEE Student Branch, College of Engineering Pathanapuram</i>	Nov 2023
