## SUMMARY

---

Computer Science Engineering graduate passionate about Python Full Stack Development, Backend Engineering, and AI-powered applications. Experienced in building real-world projects using Django, MySQL, and Machine Learning. Hands-on experience with Git/GitHub, web application development, and problem-solving with a strong interest in developing scalable and efficient software solutions.

## EDUCATION

---

### College of Engineering Pathanapuram

*B.Tech in Computer Science Engineering | CGPA: 7.54/10*

Sep 2022 – May 2026

*Pathanapuram, Kerala*

### Govt HSS Punalur

*Higher Secondary Education | CGPA: 8.6/10*

Jun 2020 – May 2022

*Punalur, Kerala*

### St. Stephen's Higher Secondary School

*SSLC (Class X) | All Subjects A+*

Jun 2019 – Mar 2020

*Pathanapuram, Kerala*

## PROJECTS

---

### SLA-FS++: AI-Powered Phishing Website Detection System

- Developed a phishing website detection system achieving 96% model accuracy using Random Forest and Explainable AI techniques.
- Integrated SHAP-based Explainable AI analysis for transparent and interpretable predictions.
- Performed dataset preprocessing, feature selection, and model training using Scikit-learn and Python.
- Developed backend services using Flask and managed data storage with MySQL.

### Online MCQ Examination System

- Developed a full-stack online examination platform using Django, React, and MySQL .
- Built modules for exam creation, question management, timer-based tests, automatic score evaluation, and result generation.
- Implemented student exam participation, answer submission, score calculation, and result viewing using Django REST Framework APIs.
- Used Postman for API testing and Git/GitHub for version control and collaborative development.

## MEMBERSHIPS AND ACTIVITIES

---

### IC FOSS College of Engineering Pathanapuram

*Technical Head*

### IEDC College of Engineering Pathanapuram

*Member*

## COURSES AND CERTIFICATES

---

### Machine Learning and Data Science Workshop

*Kerala Knowledge Economy Mission & Trycle*

Nov 2023

### Web Design Workshop

*IEEE Student Branch, College of Engineering Pathanapuram*

Nov 2023

### Introduction to Software Engineering

*IBM (via Coursera)*

Dec 2025

## SKILLS

---

**Programming Languages:** Python | JavaScript

**Frontend:** HTML | CSS | React

**Backend:** Django | Flask

**Database:** MySQL

**Tools & Platforms:** Git | GitHub | Postman | VS Code

**Core Concepts:** DBMS | Machine Learning | Explainable AI
