SUMMARY

Computer Science Engineering graduate with hands-on experience in Python, Java, Django, Flask, React, and MySQL. Built AI-powered and full-stack web applications with a strong interest in backend development, REST APIs, SDLC, and scalable software solutions.

EDUCATION

College of Engineering Pathanapuram

B.Tech in Computer Science Engineering | CGPA: 7.64/10

Govt HSS Punalur

Higher Secondary Education | CGPA: 8.6/10

Sep 2022 – May 2026

Pathanapuram, Kerala

Jun 2020 – May 2022

Punalur, Kerala

PROJECTS

SLA-FS++: AI-Powered Phishing Website Detection System

- Developed an AI-powered phishing detection system with 96% accuracy using Random Forest and SHAP.
- Performed data preprocessing, feature engineering, and model optimization using Scikit-learn.
- Built a Flask-based REST API for real-time phishing prediction and integrated with MySQL.

Online MCQ Examination System

- Built a full-stack online examination platform using Django, React, and MySQL.
- Developed REST APIs for exam workflow including submission, evaluation, and automated result generation.
- Used Git/GitHub and Postman for version control and API testing.

MEMBERSHIPS AND ACTIVITIES

IC FOSS College of Engineering Pathanapuram

Technical Head

IEDC College of Engineering Pathanapuram

Member

TRAINING

QSpiders

Python Full Stack Developer Training

May 2026

Kochi, Kerala

- Learning Python, Java, Django, Flask, React, HTML, CSS, JavaScript, SQL, MySQL, REST APIs, Git, SDLC, and Software Testing concepts.
- Hands-on development of full-stack web applications and backend API development using Django and Flask following SDLC practices.

COURSES AND CERTIFICATES

Machine Learning and Data Science Workshop

Kerala Knowledge Economy Mission & Trycle

Nov 2023

Web Design Workshop

IEEE Student Branch, College of Engineering Pathanapuram

Nov 2023

Introduction to Software Engineering

IBM (via Coursera)

Dec 2025

SKILLS

Programming Languages: Python | Java | JavaScript

Frontend: HTML | CSS | React

Backend: Django | Flask | REST APIs

Database: SQL

Tools & Platforms: Git | GitHub | Postman | VS Code

Core Concepts: DBMS | SDLC | Machine Learning | Explainable AI

Soft Skills: Leadership | Team Management | Communication | Problem Solving | Teamwork | Adaptability
